Vegan

My floorboards are fully vegan – no animal ingredients or products involved. Cruelty-free all the way!

PVC-free

I'm made of 80% wood, with the remaining 20% being paper and binding material – completely without PVC.

CO₂ reduced

I'm mostly made of wood – the renewable resource that absorbs CO₂ both as trees and in the form of my floorboards.

Animal friendly

Ready for some fun? I'm very durable, so your furry pals can play without leaving any lasting marks. Peace of mind guaranteed!

Healthy living

Breathe easy with me with no bad or toxic fumes. I contribute to a healthy indoor climate, creating a breath of fresh air!

Waterproof

Liquid accidents? I can handle it! Even after 24 hours in water, I don't budge! NALFA and ISO 4760 24h tested and successfully approved!

Renewable resources

I regrow – made from wood, I positively impact the climate as my resources are renewable.

Climate friendly

Let's maximize renewability! My wood comes from sustainably managed forests.

Extra durable

Thanks to my high quality and surface structure, I can stay by your side for decades, without any issues.

Click system

Your secret aid – my click system is easy to install and keeps liquids from entering joints. Listen to that satisfying click!

Easy to install

I come with a user-friendly installation manual and with my easy click system, you can install me easily like a pro.

Made in Europe

I'm proud to say that all my raw materials are sourced within Europe. Plus, I'm produced in Heiligengrabe, Germany.
